

January 1, 2022

Dear Client,

The most recent SOC 1 Type II report we provided covers the controls and procedures in place from October 1st, 2020 through September 30th, 2021. I attest that since the examination was conducted there have been no material changes in the controls reported and all reported controls and procedures are still in effect.

Please call Glenda Robertson at 817-400-1570 if you have any questions.

Thank you.

A handwritten signature in black ink, appearing to read "Jay Su", with a horizontal line extending to the right.
